

20. **No Resale or Redistribution of the Service:** Re-sale or redistribution of the Service in any form to a third party is prohibited unless agreed to in writing by Prairie-Sky Wireless. The Customer agrees to not distribute the Service to any third party by any means. The Customer shall keep and use the Equipment only at the location shown on the Service Agreement and agrees that the Equipment cannot be moved without advance written permission from Prairie-Sky Wireless.
21. **Fair Access Policy:** To ensure fair access for all Prairie-Sky Wireless customers, Prairie-Sky Wireless reserves the right to implement a fair access policy. Fair access establishes an equitable balance in Internet access across all broadband services for all Prairie-Sky Wireless customers regardless of their frequency of use or volume of traffic. To ensure this equity, customers may experience temporary bandwidth limitations. Prairie-Sky Wireless Internet access is not guaranteed.

This policy applies to all service plans. Prairie-Sky Wireless has information that approximately 5% of subscribers are responsible for a disproportionate share of the total Prairie-Sky Wireless service traffic. To ensure that all Prairie-Sky Wireless Customers have fair and equitable access to the benefits of the Service, Prairie-Sky Wireless has enacted a Fair Access Policy (FAP) to minimize abusive consumption of bandwidth. Based on an analysis of usage data, Prairie-Sky Wireless has established a download data usage threshold. When a Customer exhibits patterns of system usage, which exceed that threshold for an extended period of time, the FAP may temporarily limit that subscriber's bandwidth to ensure the integrity of the system for all Customers.
